RE: Cambridge Electric Light Company, D.T.E. 03-58

Dear Ms. Cottrell:

Please find attached a revised Rate S-2 tariff (M.D.T.E. No. 241 (proposed)) for Cambridge Electric Light Company d/b/a NSTAR Electric ("Cambridge" or the "Company").¹ The Company originally filed its proposed Rate S-2 tariff with the Department of Telecommunications and Energy (the "Department") on May 15, 2003. On May 29, 2003, the Department suspended the effective date of the Company's proposed Rate S-2 tariff until December 1, 2003.

The Company is filing the attached revised tariff because the originally-filed tariff inadvertently failed to reflect distribution charges for its non-metered streetlights, floodlights and area lights. As compared to the originally-filed proposed tariff, the only revisions reflected in the attached revised proposed tariff appear as follows:

- a Distribution Charge of 0.784 cents per kilowatt-hour is reflected under subsection 2 of the Streetlighting Service, Delivery Services section (page 2 of 5);
- a Distribution Charge of 2.938 cents per kilowatt-hour is reflected under subsection 2 of the Floodlighting Service, Delivery Services section (page 3 of 5); and
- a Distribution Charge of 1.350 cents per kilowatt-hour is reflected under

¹ For ease of reference, the Company has attached both a clean and red-lined version of the revised proposed tariff.

subsection 2 of the Area Lighting Service, Delivery Services section
(page 4 of 5).

A copy of the revised tariff is being provided to the City of Cambridge. Thank you for your attention to this matter. If you have any questions, please call us at (617) 951-1400.

Very truly yours,

A handwritten signature in black ink, appearing to read "David S. Rosenzweig". The signature is fluid and cursive, with the first name "David" being the most prominent.

David S. Rosenzweig

STREET LIGHTING – CUSTOMER OWNED

RATE S-2

AVAILABILITY

Upon written application and the execution of a Customer Owned Street Lighting Agreement with the Company and pole attachment License Agreement with the Company and any joint owner(s) of poles, Streetlighting Service is available under this rate schedule for streetlighting installations owned by any city, town or other public authority. Streetlighting Service is provided hereunder for approximately 4,000 hours of operation per year for the lighting of streets, highways and other roadways which have been deemed as public ways by the municipality. Service under this rate is further subject to the Company's printed requirements and the Company's Terms and Conditions - Distribution Service, each as in effect from time to time.

STREET LIGHTING SERVICE

Delivery Services:

Basic Annual Charges apply to overhead connected lighting units on poles carrying other electric power circuits.

STREET LIGHTING – CUSTOMER OWNED

RATE S-2

GENERAL CONDITIONS

- A. The Customer agrees to pay when due all charges and fees which the Company may, from time to time, be entitled to pursuant to the provisions of the pole attachment License Agreement and the Street Lighting Agreement .**
- B. All streetlighting facilities provided by the Customer for installation on the Company's system shall be free from all defects and shall in no way jeopardize the Company's electric distribution system. The Company may refuse to allow the placement of any streetlighting facilities which, in the Company's sole reasonable opinion, are not so free from defects or that might so jeopardize said system.**
- C. The Customer shall be responsible for specifying the type and size (wattage/lumen rating) of lighting fixtures served under Section 2 of the rate schedule.**

FARM DISCOUNT RIDER

A Customer taking service under this rate may be eligible for the Company's Farm Discount Rider, as in effect from time to time.

TERMS OF PAYMENT

The annual charges will be prorated monthly. Charges are net and are payable upon presentation of the Company's bill.

TERM

Service under this rate shall be for a minimum term of 12 consecutive months and shall continue thereafter until canceled on 30 days' written notice, except that temporary service may be canceled at any time upon 10 days' written notice.
